

Dear Parents and Carers,

Spring Assembly!!!

This week the whole school were treated to a special spring assembly from the year 1 children. The children had learned some spring time songs and told us all about the seasons and signs of spring.

Litter Pick

On Tuesday and Wednesday, the whole school took part in a litter pick across school and on the surrounding areas. We picked lots of bags of litter that the council are collecting. Barney, from the Waste Warriors, came to help the children. He told us that the area between Haveley Hey and MEA is the worst in Wythenshawe for litter- please help us to change this, by encouraging your children to put their wrappers in their pockets.

KS1 Parent Maths Workshop

On Tuesday afternoon, our KS1 parents were invited into school for a special Maths workshop. They played lots of games with their children that developed their Maths skills in a fun way. We had a great turn out with over 20 parents.

Attendance

This week our attendance is still around the same level of 92.6% across school. The winning class this week were Mr Heywood's class with a great 96.7%. 5 classes got above our target of 94%!
